

VOLUNTEER WITH HEART!

Become a tutor to join the CELC in supporting Charlotte elementary students!

- With just 1 hour a week, you can make an impact by helping a student build foundational math skills and academic confidence!
- No prior tutoring or math experience is needed. Heart provides a user-friendly curriculum, materials, training, and on-site support.
- Heart's program is available in-person and virtually at school locations and times throughout Charlotte.

Volunteers are needed in the 2024/25 school year. Scan here to sign up or visit:
